	slightly tinted white:	1 / 50	(2 %)
Clarity:	loupe clean to VVS:	44 / 50	(88 %)
	VS:	4 / 50	(8 %)
	SI:	1 / 50	(2 %)
	Piqu�:	1 / 50	(2 %)

Identification: 50 DIAMONDS of natural colour

Comments: The analysed properties confirm the authenticity of these diamonds.

Due to the size of the gemstones described herein,
quality control disclosures are only approximate.

Important Note: The conclusions on this Test Report reflect our findings at the time it is issued. A gemstone or pearl can be modified and/or enhanced at any time. Therefore, the SSEF can at any time reassess whether the gemstone or pearl is in accordance with this Test Report. A setting may limit complete analysis of a gemstone or a pearl, thus all conclusions are given as far as the setting permits. The authenticity and colour authenticity of additional diamonds, gemstones, and pearls in the setting have not been tested. The indicated estimated weight is only approximate and may differ from the exact weight of the gemstone/pearl when unset. Only the Test Report with the valid original signatures, embossed stamp and Proof Tag™ label affixed onto the surface of the laminated Test Report is a valid document. PDF scans and copies of a Test Report are not legally binding. See terms and conditions on reverse side and www.ssef.ch/terms-conditions. © This report is copyright of SSEF.
